*For Glowing Skin...*

# GLOWZIN™

Glutathione 1%w/w + Kojic Acid 1%w/w + Glycolic Acid 1%w/w + Niacinamide 0.5%w/w +  
Aloevera Extract 2%w/w + Vitamin E 0.2%w/w + Caffeine 0.5%w/w **Facewash**

## Glutathione

Improves skin elasticity and significantly reduces skin wrinkle formation and brighter complexion

## Kojic Acid

Treats pigmentation, treats melasma and decreases the appearance of scars

## Glycolic Acid

Help fight acne and improve your skin's appearance

## Niacinamide

Helps build keratin which keeps the skin firm and healthy

Pimples

Acne

Blemishes

# GLOWZIN

L-Glutathione, Proanthocyanidin, Ascorbic Acid, Vitamin E,  
Alpha Lipoic Acid, CoQ-10 & Astaxanthin | **Tablets**

## Glutathione

A powerful antioxidant that helps detoxify the body, brighten skin by reducing melanin production, and boost immune function

## Proanthocyanidin

Found in grape seed extract, these antioxidants help improve skin elasticity, reduce wrinkles, and support cardiovascular health

## Vitamin C & E

Vitamin C enhances collagen production and increases glutathione absorption while E protects cells from oxidative stress and keeps skin hydrated

## Astaxanthin

A potent antioxidant that protects skin from UV damage, reduces wrinkles, and improves skin elasticity

## Coenzyme Q10 (CoQ-10)

Reduces wrinkles and fine lines, improves skin elasticity, supports cardiovascular function and helps in ADP production

# HAIRZIN<sup>TM</sup>

Ketoconazole 2.0% w/v, Zinc Pyrithione 1.0% w/v,  
D Panthenol 0.5% w/v, Aloe Vera Extract 2.5% w/v **SHAMPOO**

- ▶ The use of this medication may help to relieve the flaking, scaling and itching associated with dandruff
- ▶ This medication is also used to control dandruff
- ▶ Active against *Malassezia* spp, yeasts, which are believed to play a major role in dandruff and seborrheic dermatitis
- ▶ Show reduction of >90% of dandruff during the treatment period for all areas of scalp
- ▶ Shows significant improvement in signs and symptoms such as erythema and itching
- ▶ Safe and effective option in the treatment of dandruff

## INDICATIONS

- ▶ Dandruff
- ▶ Seborrheic Dermatitis
- ▶ Superficial & Deep Mycosis

# Shiny, Lustrous Hair & Nail Strength

## Bi<sup>o</sup>zin-C™

Biotin 10mg + N-Acetyl Cysteine 50mg + Calcium Pantothenate 50mg + Sodium Selenite 65mcg +  
Cupric Oxide 3mg + Zinc Oxide 22.5mg • **Tablets**

### Biotin

- Promotes thick & bouncy hair and prevents graying of hair
- Useful in metabolism of fatty acids, amino acids & carbohydrates from food

### N-Acetyl Cysteine

- Acts as a powerful antioxidant
- Supports detoxification in the liver
- Improves hair health by reducing oxidative stress

### Calcium Pantothenate

- A form of Vitamin B5, which is essential for energy metabolism

### Sodium Selenite

- Provides Selenium, an essential trace mineral
- Acts as an antioxidant and supports immune function

### Cupric Oxide

- Supplies Copper, essential for maintaining connective tissue

### Zinc Oxide

- Provides Zinc, crucial for immune function
- Supports wound healing and maintains skin integrity

Perfect blend  
of Supplements for  
Healthy Hair,  
Skin & Nails

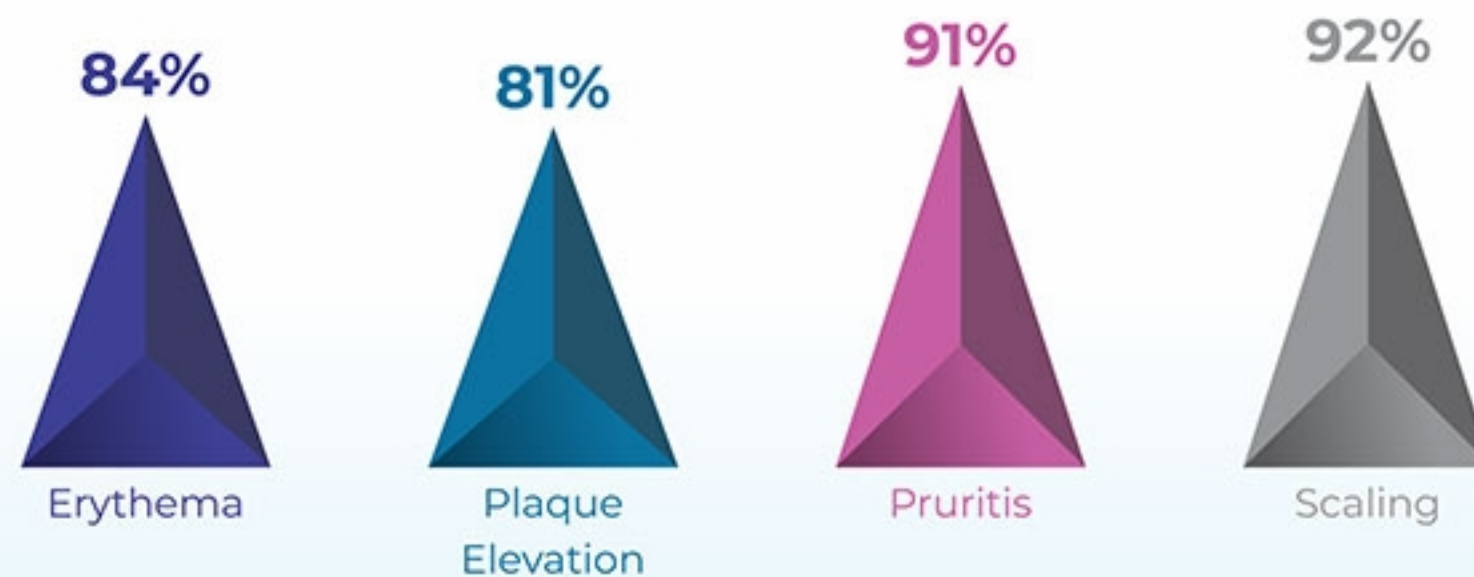

Moderate to Severe Inflammatory  
Dermatoses & Psoriasis

# HALOZIN

Halobetasol Propionate 0.05%w/w Cream 30g

**FASTER COMEBACK BETTER OUTCOME**

- Significant improvement in clinical signs in 2 weeks (% of patients)

- No systemic adverse events or skin atrophy
- No effect on HPA axis

In Hyperkeratotic Psoriasis and Eczema,  
Chronic Lichenified Lesions and Lichen Planus

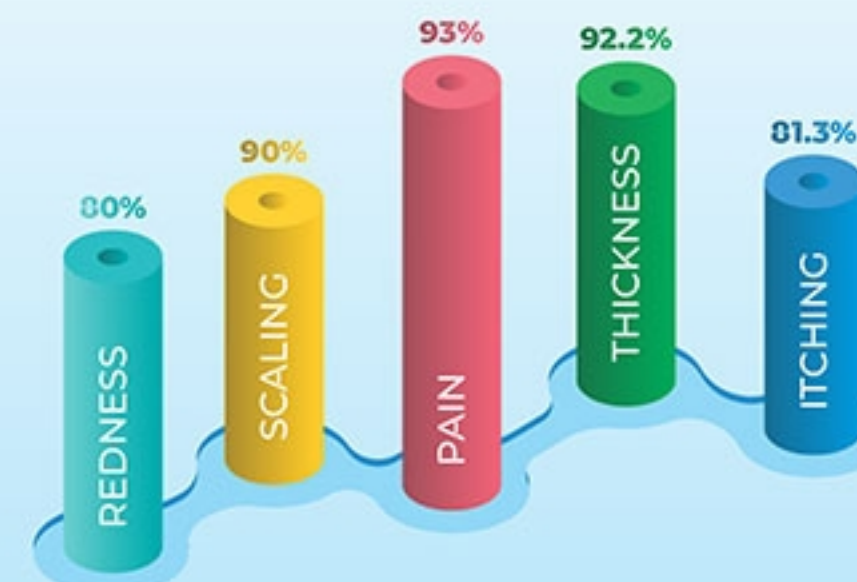

# HALOZIN-S

# Radevit™

Cyanocobalamin 2.2mcg + Vitamin A 500 IU + Niacinamide 50mg +  
Lycopene 10% 5mg + Antioxidants + Multivitamins + Multiminerals **TABLETS**

# Radevit™

Lycopene 6000mcg + Vit. A 2500 IU + Vit. E 10 IU +  
Vit. C 50mg + Zinc 3mg + Antioxidants + Multiminerals **SYRUP 200ml**

## CYANOCOBALAMIN

- Vitamin B12 helps your body use fat and carbohydrates for energy and make new protein.
- It is also important for normal blood, cells, and nerves.

## LYCOPENE

- Lycopene in the prevention & treatment of prostate Cancer  
(Nature clinical practice urology 2005 vol. 2000; 1.30)
- Increase sperm concentration in the management of idiopathic male infertility  
(Int. Uro-Nephrol 2002 ; 34(3) 369-372)
- No interactions with other circulating carotenoids

## MULTIVITAMINS

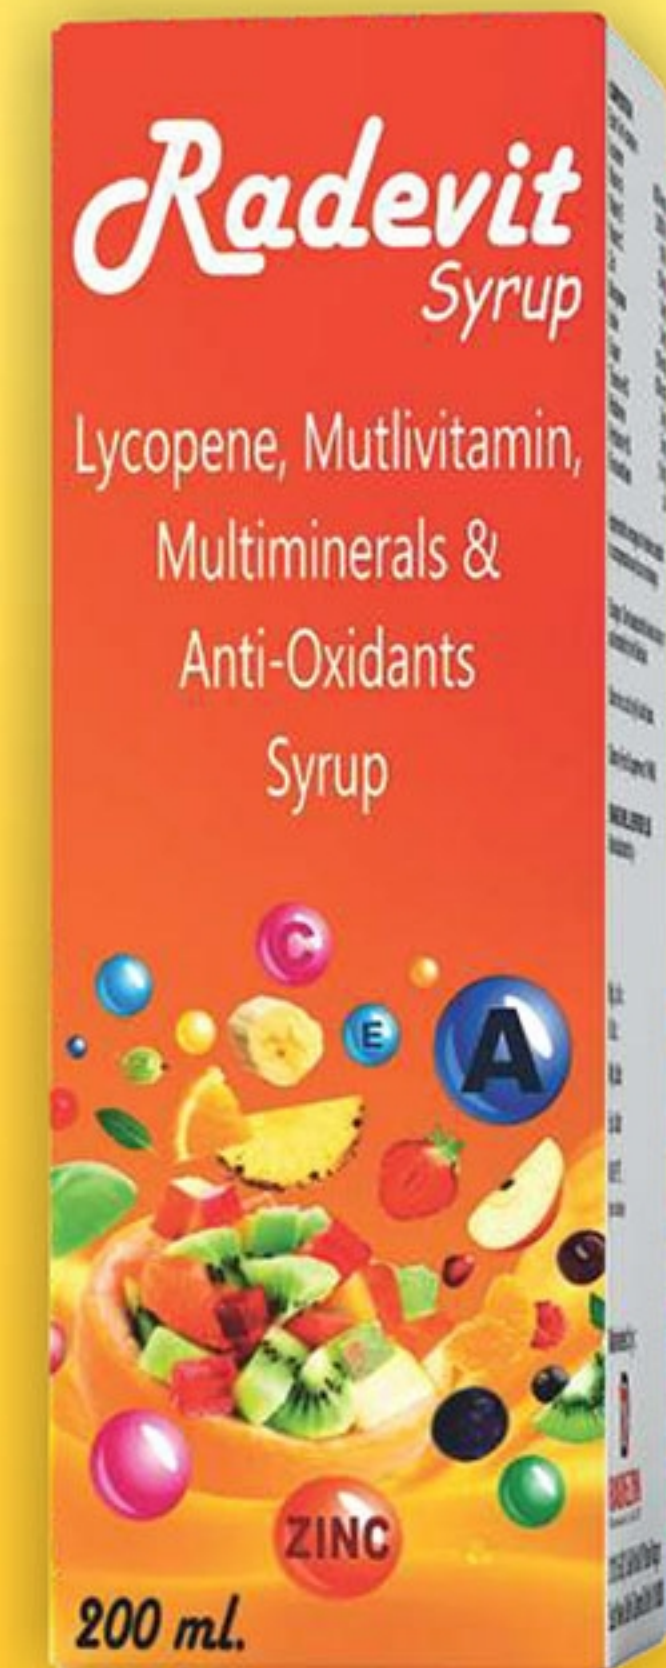

- Vital role in the prevention of aging related degenerative diseases.

## MULTIMINERALS

- Boosts the immune system

Refill the low level of **calcium** with...

# RADECAL-V 500

Calcium Carbonate 1250mg + Vitamin D<sub>3</sub> 250 IU **Tablets IP**

CaCO<sub>3</sub>

Maintains the integrity of the skeletal system, providing strength and structure to the bones and teeth

Meet the special requirement of calcium in conditions like pregnancy, nursing or postmenopausal women

Vitamin D<sub>3</sub>

Supplement along with calcium reduces the age related or seasonal change in bone mineral density

Regulates the calcium and phosphorus levels in the blood by promoting their absorption from food in intestine and re-absorption from kidneys

Reduces the incidence of falls by improving cognitive function, bone and muscle strengths

Indications

Osteoporosis  
Pregnancy  
Hypocalcaemia  
Post Menopausal Disorders

In Severe Allergy or Inflammation

Powerful  
Corticosteroid for  
**TARGETED ACTION**

# Radicort

Deflazacort 6mg **Tablets**

- Deflazacort is derived from prednisolone
- A corticosteroid with mainly glucocorticoid activity
- An anti-inflammatory dose of 6mg deflazacort is equal to 5mg prednisolone
- Exhibits greater anti-inflammatory potency than prednisolone
- Possesses anti-inflammatory and immunomodulatory properties

## Indications

- ▶ Asthma ▶ Ulcerative Colitis
- ▶ Severe Allergy or Inflammation
- ▶ Rheumatoid Arthritis
- ▶ Other Steroid Response Conditions

*In Skin Repair, Osteoporosis and Nerve Regeneration*

# Redical-M

Calcium Carbonate, Calcitriol, Zinc Sulphate, Magnesium Sulphate, Vitamin K2-7, Methylcobalamin & L-Methyl Folate **Softgel Capsules**

## Skin Health

Aids in skin repair and reduce inflammation. Helps improve circulation and skin regeneration. Promotes skin elasticity and minimizes calcification in tissues

## Other Benefits

Prevents osteoporosis and reduces the risk of fractures by improving bone mineral density. Helps in nerve regeneration, mental clarity and energy metabolism along with CVD protection due to Vit. K2 & folate

## Calcium Carbonate

Increases bone mineral density thus effective in preventing osteoporotic fractures in postmenopausal women. Essential for maintaining strong bones and preventing bone thinning

## Calcitriol

Stimulates bone formation & reduces the level of bone loss. Ensures calcium deposition into bones

## Methylcobalamin

Maintains bone health, reduces risk of fracture and improves BMD  
Boosts energy and red blood cell production

## Vitamin K2-7

Prevents bone loss, increases bone-building process and reduces rates of fractures and of arterial calcification

## Respiratory Allergies

# R<sub>x</sub> RADOZINE-M

Levocetirizine Dihydrochloride 5mg +  
Montelukast 10mg Tablets

### Levocetirizine

- ✓ 3rd generation selective H1 receptor antagonist
- ✓ Fast onset of action, long-acting & non sedating
- ✓ Has significant anti-inflammatory effects

### Montelukast

- ✓ Selective leukotriene receptor antagonist
- ✓ Prevents airway edema & causes bronchodilation
- ✓ Prevents smooth muscle contraction & other respiratory inflammation

### Effective in

- ✓ Allergic Rhinitis
- ✓ Exercise-induced Bronchospasm
- ✓ Asthma
- ✓ Urticaria

## Sure & Effective Anti-ulcer Therapy

# RADTOP DSR

Pantoprazole Sodium Gastro-Resistant & Domperidone PR Capsules IP

### PANTOPRAZOLE

- Pantoprazole is superior to Ranitidine in healing erosive esophagitis & decreasing relapse rates.
- Rapid and effective in relieving heartburn from day one.
- Improves other GERD-related symptoms such as regurgitation and belching.
- Intravenous administration of Pantoprazole results in a significant prolonged intragastric pH

### DOMPERIDONE

- Slowed movement in the gastrointestinal tract associated with diabetes and gastritis
- No extrapyramidal side effects.
- Prevents reflux.

### INDICATIONS

- NSAID Induced Gastritis
- Non Ulcer Dyspepsia
- Nausea & Vomiting
- Reflux Oesophagitis
- Chronic Acid-Pepic Disorder

# In Antifungal

# **RADOFIN<sup>TM</sup>**

Amorolfine 0.25% **Cream**

New Topical  
Antifungal  
New Possibilities

- Newly introduced opical antifungal agent as safe and effective as Clotrimazole
- A comparatively recently introduced drug for topical use in Tinea corporis
- Safe and effective, like clotrimazole, when used topically in Tinea corporis
- Used in common dermatophytes that cause tinea corporis i.e. Trichophyton rubrum, Trichophyton mentagrophytes, Microsporum canis and Trichophyton tonsurans
- Amorolfine like any other topical agent is used for superficial fungal infections has to have broad-spectrum activity, high mycological cure rate
- Inhibits the ergosterol biosynthesis in the fungal cell membrane

#### INDICATIONS

- Fungal Infections
- Ring Worm
- Tinea Corporis
- Onychomycosis
- Eczema

The **first** of a new class of **antifungal drugs**

EFFECTIVE & SAFE TREATMENT FOR  
ATOPIC **DERMATITIS & VITILIGO...**

# TACROZIN-FORTE

Tacrolimus 0.1% *Ointment* 20g

Granuloma Faciale – Inflammatory Dermatoses  
Eczema – Vitiligo – Atopic Dermatitis

## Class-Topical Calcineurin Inhibitors

- ▶ FDA-approved to treat cutaneous inflammatory/fibrotic diseases including atopic dermatitis, psoriasis & localized scleroderma
- ▶ Immunomodulator; inhibits calcineurin action, preventing T-cell activation & production of various inflammatory cytokines
- ▶ Good efficacy & tolerability in the treatment of vitiligo
- ▶ Fewer adverse effects (like Telangiectasia) compared to Mometasone
